SOCIETY MEETINGS.

CLEVELAND LONG NO. 211, A. F. & A. M.—The brevets will be held to present at their hall this Tuesday, Oct. 22, at 1 o'clock sharp, to the public, the annual meeting of the Carpenters. Dark clothing should be worn. For order, W. M. S. K. REED, Secretary.

TUESDAY, OCTOBER 22, 1875.

Greenbacks at the New York Stock Exchange yesterday closed at 99.

The annual conclave of Illinois Knights Templar and the annual session of the Grand Chapter, A. F. & A. M., begin their sessions in this city to-day.

The situation in South Carolina grows worse and worse. Reconstruction is a farce. WADDEHAMPTON claims to be powerless to control his riotous and murderous subjects.

Avery, of crooked-whisky fame, when in trouble, gave Ben BUTLER a five-hundred-dollar retainer fee. BUTLER never appeared in the case. Avery now sues BUTLER for the money.

Graham is supposed to have gone on a journey. The Republican National Committee has had Senator CONKLING's late speech printed and is circulating it quite extensively.

The Citizens' Association, through its President, MURRAY NELSON, Esq., submits its fourth annual report to the people of Chicago this morning. The Association has not been idle by any means.

The Tammany nominations were made in New York yesterday. HENRY was thrown overboard, but COX and FERNANDO WOOD secured a nomination. JOHN KELLY named all the candidates, as usual.

And now it is HENRY HAYEMENTER who is smoked out. He admits that dispatches were passed through his hands, and that they caused him much annoyance, but denies any knowledge of their contents.

President MACMARSHON yesterday, on behalf of the Directory of the Paris Exposition, awarded the decoration of the Legion of Honor to Commissioner McCOMICK, Stross the sculptor, Profs. EDISON, GRAY, and others.

A day or two ago the St. Louis papers printed a very damaging report against the Convent of the Franciscan Brothers at Quincy. The Hon. BERNARD ARNETT, State Senator of Adams County, has investigated the matter, and pronounces the charges maliciously false.

Lieut. J. C. BOURKE, of the Third Cavalry, makes his report to Gen. SHERMAN of the part he took in letting the Cheyennes escape the military. The soldiers lost themselves in the sand-hills of the Niobrara, and suffered severely until relieved by Col. CALDWELL.

The Right Rev. Bishop ROSECRANS, of the Roman Catholic Church, died at Columbus, O., last night. He was a brother of Maj.-Gen. ROSECRANS, was consecrated Bishop of Pompeiopolis and Auxiliary Bishop of Cincinnati March 25, 1862, and transferred to the Diocese of Columbus March 3, 1868.

It is probable that the Halifax award will be reviewed this winter and the Federal Government receive a more favorable decision. Parties who have been examining the subject affirm that, instead of paying Great Britain five and a half million dollars, we are justly entitled to one and a half million dollars.

The hungry Democracy can hardly contain itself. A scheme is now incubating which it is hoped will compel the President to convene an extra session of the Senate when the Forty-fifth session closes next March. The Democratic Senators are expected to filibuster on all the nominations of the President and stave off confirmation.

JONI F. HOUSE was nominated for Congress in the Nashville (Tenn.) District yesterday. In his speech accepting the nomination, Mr. House declared that "God's own hand had closed the bloody chasm; greater than the victory of Appomattox is the victory won by the people of the North in their noble contributions to the stricken South."

The Chicago Times says that "it is openly charged that Maj. HOFFMAN himself to make CONKLING his jailer in case he is elected Sheriff," and then it proceeds to pitch into FOUL. Maj. HOFFMAN's attention having been called to this allegation, he gives it a peremptory and unequivocal denial, and pronounces the statement false. He says he has selected no man, not even in his own

mind, for jailer; that he has promised neither FOUL nor any one else the place in case he is elected. He says he proposes first to catch his rabbit before making soup from it. The "charge" made by the Klan organ has no more foundation than the imagination of its author.

One of the Federal Circuit Judges has rendered a decision adverse to the right of a citizen to preempt certain railroad lands. The decision is *ex parte*, and will be immediately appealed to the Supreme Court. The Secretary does not consider the decision as reason for changing the policy of the Interior Department in the master.

E. N. BATES, who was once elected State Treasurer by the Republican party, and who now supposes he is a candidate of the Nationalistic faction, said in East St. Louis the other day that at the time of the riots in July, 1877, he was in the employ of the United States Government and could not help being put in command of the militia who were ordered out to suppress the rioters. Will E. N. BATES recite the Federal order which recognized him as an officer on that occasion?

A TRIBUNE Salt Lake correspondent foresees a scheme which is as astounding as it would be infamous if carried out. BEN FRANKLIN, Chairman of the House Committee on Territories, is reported by CANNON, the Mormon Delegate, to favor a division of Utah, Wyoming, Arizona, and New Mexico, to colonize them with Mormons, and then admit them as States, for the sole purpose of gaining ten or twelve Senators. "Duthul" KNOTT and PENN, of Idaho, are said to be behind FRANKLIN in the scheme.

HOFFMAN AND KERN.

The Chicago Times is seeking to elect KERN by attempting to besmirch Maj. JOHN HOFFMAN. It is his favorite mode of warfare. It has no more dignified weapon than mud, and when it begins to throw mud it is, as a rule, a good reason why the victim should be elected. The mud-throwing at Mr. HOFFMAN has commenced, and it will grow thicker and dirtier up to the day of election.

In the course of its contemptible assault upon Mr. HOFFMAN, THE TIMES presents some very brief examination of these reasons will show that Kern should not be re-elected. 1. The KERN organ says: "The whole concern (Sheriff's office) has been calcined thoroughly both as to *personnel* and *material*. Sobriety, industry, and economy are the rule." Let us look a little at the economical calcining. It has already been shown in THE TIMES that KERN's administration will be enormously expensive. The charge for feeding the prisoners has been extravagant. The law declares that "it shall not be a source of profit," but the net profits have not been less than \$20,000 from this source. While this is not a criminal offense, it is to all intents and purposes a robbery of the taxpayers, for which KERN and the Democratic County Commissioners who allow it should not be re-elected.

2. Another feature of this economical calcining. The Sheriff's pay-roll for September, just audited by the Board, shows that extravagant salaries have been paid to second and third rate men who never before earned one-half or one-third the amount in any other business, and who in reality are not qualified to conduct any other business than standing behind a bar and retailing intoxicating liquors. While there are some good men upon the list, who probably could earn their salaries at other employments, we find it headed by a "chief deputy" taken out of a saloon and placed in an office yielding him \$208 per month! We find fifteen or twenty others taken out of grog-shops at the demand of the gutter-rate and ward-bummers and placed in hundred-dollar-month positions who hitherto had been contented with fifty dollars per month, because that sum represented their capacity and because they could get no more.

3. The very fact, however, that this pay-roll contains some names of men that possess a reputation for sobriety, decency, and capability, has made the bummers disatisfied with it as a whole. As the condition of the renomination of KERN it was, according to report, stipulated that the reorganization of that office should be given to the Campaign Committees. Should he be re-elected, the men of good reputation will be speedily weeded out, and their places will be filled with ward-scallawags and men of bad repute.

This programme has carried out, in case of KERN's re-election we shall have another gang of corrupt and incompetent vagabonds in the County Building like that which disgraced the administration of O'CONNOR. Instead of having a pay-roll with some good men on it, we shall have one with no better men on it than the worst on the present roll.

4. KERN's pledge to the bummers, without which he never could have got the nomination, has driven him to the wall. He dare not violate his pledge to the bummers. In such a case as this the only safety is in a new deal.

The TIMES charges that HOFFMAN's competitor for the nomination, Gen. MANN, was sold out, and says: "Thus, so far as the manner in which the two men were presented, there is much in favor of KERN and much to the discredit of HOFFMAN." The less the TIMES has to say about "selling out" or buying votes in the Convention the better it will be for its candidate, KERN.
